

OCCUPATIONAL CODE (EXCERPT)
Act 299 of 1980

339.2004 Architect, professional engineer, and land surveyor; licensing requirements.

Sec. 2004. (1) In order to be licensed as an architect, an individual shall meet all of the following:

- (a) The requirements prescribed in section 2005(1).
- (b) Pass an examination which tests the applicant's qualifications to practice architecture or provide equivalent proof of qualification acceptable to the department and the board of architects.
- (c) Be of good moral character.
- (d) Provide documentation of not less than 8 years of professional experience in architectural work satisfactory to the board, including not more than 6 years of education.
- (e) Provide not less than 5 references, 3 of which shall be references from licensed architects who have personal knowledge of the applicant's professional experience.

(2) In order to be licensed as a professional engineer, an individual shall meet all of the following:

- (a) The requirements prescribed in section 2005(2).
- (b) Pass the engineering fundamentals and professional practice examinations or provide equivalent proof of qualification to practice professional engineering acceptable to the department and the board.

(c) Be of good moral character.

(3) In order to be licensed as a land surveyor, an individual shall meet all of the following:

- (a) The requirements prescribed in section 2005(3).
- (b) Pass the land surveying fundamentals and professional practice examinations or provide equivalent proof of qualification to practice land surveying acceptable to the department and the board.

(c) Be of good moral character.
